MAXIMUM STREET APPEAL

Take your tow rig to the next level with our new range of custom Alloy wheels. Engineered specifically for marine trailers they combine towing performance with a visual appeal that adds value to your ride. Speak to your sales consultant about upgrading your ride and maximising the visual appeal of your pride and joy.

The new "Primal" range of wheels is a premium product with aggressive styling and features that add a bold new look to your trailer. Featuring alloy embossed wheel caps, "Hex Head" feature fasteners and a superior level of gloss black finish the Primal series adds a premium edge to all trailers. The Primal series is standard with high polish chrome spoke inserts that can be customised with a range of colour inserts to match your hull for a premium look.

Primal Alloys, Tough, Bold and sophisticated, a perfect match for your dream rig. Available in 14"-15" sizes.

'PRIMAL' SERIES

'PUMA' SERIES

The new "Puma" Range is set to excite with a brand new look at a more economical price. Available in either high Gloss Silver or Midnight Black to perfectly match your Boat package.

The 5 spoke design is tough enough to handle the rough stuff, and stay looking good for years to come thanks to premium powdercoating and a clear coat finish. The Puma is an economical option, only a small step from standard galvanised steel wheels for a massive visual gain. Designed with an Oversized centre boss they suit all trailer hubs and allow for easy access to bearing Buddies and Grease caps when inspecting bearings. The Puma Series available in 13-14 inch options.

Rim	Size	Weight Rating	Offset MM	Width	Backspace
Primal Alloy	14 Inch	1100kg	0	140mm (5.5 inch)	75mm
Primal Alloy	15 Inch	1250kg	0	165mm (6.5 inch)	86mm
